Chicago, Illinois.

Dear Sir:

The other day Mr. Newell handed me some coins which you kindly have given to our Society. I wish to thank you very much for these, most of which we did not have and were glad to get; nine of which were marked Asmor and you wish to have returned to you for awhile. These I have checked up and your attributions are correct and I am sending these on to you by parcel post. Again thanking you, I remain

Very truly yours,
